AIRCRAFT CONVERSION

FOR PASSENGER-TO-FREIGHTER (P2F) AND SPECIAL MODIFICATIONS

Key Benefits

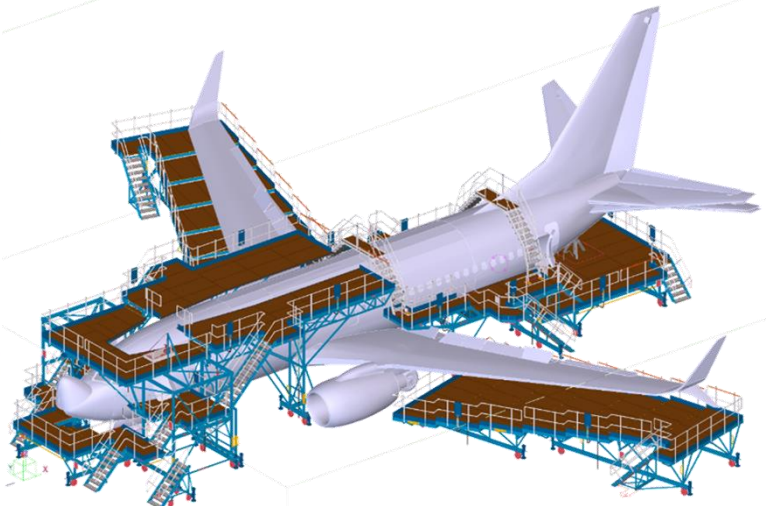

- + Turn-key delivery of aircraft conversion access equipment
 - + Modular designs
 - + Docking system solutions
 - + Special access platform solutions
 - + Configurable to customer needs
 - + Optimized for task-oriented work flow and handling of tooling and aircraft components
 - + Following latest design standards and guidelines for commercial and military aircraft applications
 - + Experience with industry established aircraft conversion projects
- P2F: e.g. A320/A330/B737/B767/B777 series*
Special modifications: e.g. B737 series

Specifications

- 1 Single and multiple aircraft configurations
- 2 Ground mobile
- 3 Easy-to-manoeuvre
- 4 Safety / fall-protection features
 - Configurable railing solutions
 - Adjustable floor panel solutions
 - Height-adjustment solutions
- 5 Dedicated utility installation (electrical / pneumatics)
- 6 Intuitive user interfaces
- 7 Including safety labels, signs and instruction plates
- 8 Mixed aluminium-steel material selection for lightweightness, robustness and stability
- 9 Conservation to corrosion and aviation liquids

Passenger-to-Freighter (P2F) - Reference Project

Special Mission Modifications - Reference Project

Dedicated Access Platform for P2F - Reference Project
