Multifunctional

Hangars are full of equipment. Lack of space is an issue. Therefore, NIJL steps, stands and docking systems are designed to cater for several aircraft types.

The A380 access equipment is also suitable for combinations with other wide body aircrafts, like B747/B777/A330/A340.

Hence, by using one piece of NIJL equipment, you can access several aircraft types. This means less equipment needed, and therefore fewer expenses.
